How do I access Homework Central?

Homework Central is available in several ways:

- Go directly to bit.ly/homeworkcentral
- Access it from the homepage of Revision Central at revisioncentral.org
- Access it from RM Unify by clicking the Homework Central tile
- Use the QR code at the bottom of this page

What if I have trouble accessing it?

G
**MAYBE TRY AN
INCOGNITO
WINDOW OR
DELETING SOME
COOKIES**

- Sometimes, you may get a **404 error message**.
- This is because Homework Central uses your free school Google account to log you in.
- If you have a personal Google account, your device may automatically try and log you in using your personal details - this will not work.
- You need to make sure you are logged in using your school Google account: username@kevi.org.uk and then your IT user password.

More information...

- Your homework will appear on Go4Schools and will tell you which week your homework is due - ask your teacher which lesson that week they want your homework.
- If you are not sure what to do, please speak to your class teacher as soon as possible.
