## Why you should get involved...

Your school years are very important and help set you up for life. You need to be in lessons to do your best and achieve your potential.

However, there is more to school than just the lessons. You get much more out of your education if you can do those extra things, such as attending clubs and revision sessions after school.

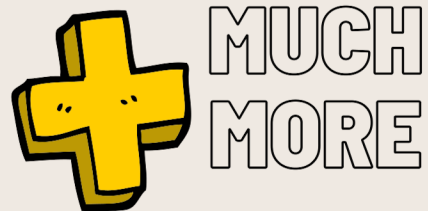

You can learn new skills, meet new people and do things that you don't always get time to do in lessons.

## Interested?

If you are interested in learning beyond the classroom, take a look through this booklet and find out what's on offer this year. If you are interested in joining a club, speak to the Designated Teacher first to find out more and check for spaces. Always get permission from parents/carers before attending.

What's on offer?

## DUKE OF EDINBURGH

## SPORTS

KEVI offers lots of sports and fitness clubs for all ages. Whatever your passion - join a club and develop your team skills
